Gentlemen:

Enclosed please find approved copies of the above-referenced drilling permits. Upon review of Amoco Production Co.'s Bravo Dome Unit Agreement and the Unit Contraction Files, this office is aware that certain lands within these 640 acre proration units may change in the future. In light of this information, this letter will serve as a Condition of Approval for the wells and that Amoco Production Co. will be responsible for filing applications for non-standard proration units on these wells when the changes occur.

Should you have any questions pertaining to these matters, please contact me at this office.

Sincerely,

ROY E. JOHNSON,  
Sr. Petroleum Geologist

REJ/dr
