Mr. Elvis A. Utz,
Gas Engineer,
Oil Conservation Commission,
Santa Fe, New Mexico

Dear Mr. Utz:

I am enclosing herewith NOTICE OF Intention to drill another well, to be known as the Richards No. 2.

This is the notice I thought was mailed to you about 2 weeks ago, and about which I inquired when in your office several days ago.

We will appreciate it if you can approve and return this promptly, as they are anxious to get started with the work before the weather gets too bad.

Yours very truly,

C. P. Talbot
