Re: R. L. Nunn, #1 Hopson,
NESW Sec. 26-2N-3E.

Dear Sir:

I am enclosing your approved Form C-102, which is your Notice of Intention to Run Surface Casing on the above captioned well.

Under separate cover I am sending you Forms C-101, C-102, C-103, and C-105, which should be enough to supply you for some time.

A Mr. Talbot from Clayton, was in the office the other day and was under the impression that you were either drilling or nearly ready to drill a third well and seemed somewhat surprised that we had not received a C-101. Would you please let us know whether or not you are operating the third well or whether the #1 Wallace and the #1 Hopson are the only two which are active at this time.

Very truly yours,

Elvis A. Utz
Gas Engineer
