Mr. Roy Yarbrough,
Oil and Gas Inspector,
Hobbs, New Mexico.

Dear Sir:

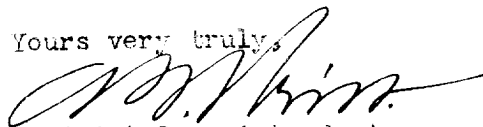

We have your letter of April 18, relative to the fact that you have not as yet received OCC Form C-105, Record of Well.

We have referred your letter to our Division office in Tulsa as this form is to be supplied from that office. It is our understanding that our Division office contacted the Oil Conservation Commission about keeping the information on our Black Mesa Unit Well No. 1 confidential.

Since we are referring your letter to our Tulsa office for their attention, you will probably be hearing from them about the matter soon.

Inclosed you will find Form C-103 Report of Beginning Drilling Operations on Black Mesa Unit well No. 2 in Union County. We would appreciate it if you will see to it that all information supplied you about this well be kept confidential.

Yours very truly,

District Superintendent.
