Re: \$5,000 One Well Plugging Bond
on Sketchley Rio Grande Com-
munity Well No. 1, SW $\frac{1}{4}$ SE $\frac{1}{4}$,
Section 5, Township 6 North,
Range 1 East, Valencia County,
New Mexico

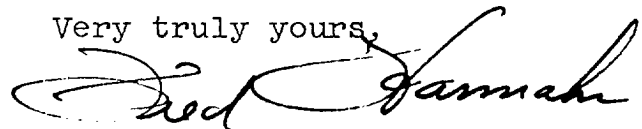

Dear Oliver:

I have finally been able to locate a drilling contractor, E. D. Bennett, Bennett Drilling Company, 5910 Tokay Road, N.E., Albuquerque, who is available to plug the above well. He has been in contact with Mr. Jim Kappeina concerning the plugging program. However, he has requested that he be furnished with a letter outlining the location of the well to be plugged and the plugging program set up for this well, together with any supporting diagrams that Mr. Kappeina will be able to furnish. This request is made in order that he, as well as the surety on the plugging bond, will be protected in the event of any misunderstanding that may exist at this time in connection with this matter.

Regarding the location of this well, the drilling contractor has enquired of us as to whether or not the well concerned is that which is located in front of the depot at Los Lunas as you face in the direction looking across the tracks.

We would appreciate your or Mr. Kappeina's writing Mr. Bennett directly at your earliest opportunity and sending us a copy of your letter.

Very truly yours,

FCH:lb
