ATTENTION: Mr. H. Pearl Dennisson

Gentlemen:

Reference is made to your letter of March 24th wherein you have requested an additional thirty day period of time in which to plug the Ringle No. 1 and 3 Wells located in the NE/4 of the NW/4 of Section 34, Township 6 North, Range 4 East, Valencia County, New Mexico. It is our understanding that you have an agreement with Mr. Cecil S. Ringle to pull the pipe in these wells and to plug the same.

Inasmuch as weather conditions and mud are such in the area as to prevent moving a rig onto the well sites at this time, the requested extension of time is hereby granted. It is expected that you will make every effort to see that these wells are plugged not later than April 26, 1958.

Very truly yours,

Daniel S. Nutter
District Engineer
