Oil Conservation Commission
Santa, Fe, N. Mex.

We have been informed that on, or about September of 1955 one of your field man made an inspection on two, or three abandoned oil wells drilled by Ringle Development Corp. and/or Mr. Cecil Ringle on the Town of Tome Land Grant, in Valencia County.

We would like to know the person who made this inspection, the exact date, and a report of his findings. Also what drilling equipment, if any was on the premises at the time of said inspection.

The board of Trustees of the Tome Land & Imp. Co. formerly The Town of Tome Land Grant has instructed me to obtain a copy of said report for our files and for future reference. Would appreciate very much giving us the above information at your earliest convenience.

Thanking you in advance for your co-operation in this matter, and trusting that our request will cause you no major in-convenience, I remain

Respectfully yours,

Tome Land & Improvement Company

By

Paul Torres, Acting Sec.
