Re: \$10,000 Blanket Plugging Bond

Dear Mr. Trujillo:

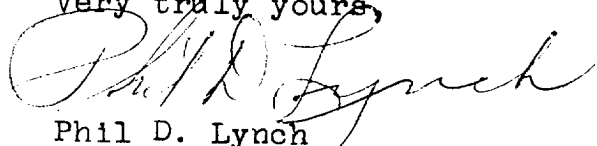

Regarding the well Section 32, Township 7 North, Range 1 East, Valencia County, New Mexico. It is true that I deepened that well and it was to my understanding that well was bonded by Mrs. Gladys McCormick, who was the owner of the drilling rig on the hole. When I finished the well I turned the deal and the drilling rig back to Gladys McCormick and it is to my understanding, Mr. Coker, my attorney from Albuquerque, that an Albuquerque operator by the name of Harold Doty purchased the rig and moved it from the location.

Now if it is still up to me to clean the location I would like to know just what steps are necessary-- whether it is a bulldozer or just some junk left by Doty when he moved the rig.

I'm sorry this misunderstanding has come up and I will do my best to have or see to it that it is straightened up in the very near future.

Please send copy of your reply to Mr. Boyce at the Thomas F. Daly Agency, who will know where to contact me.

Very truly yours,

  
Phil D. Lynch
