RE: BOPCO, L.P. \* Poker Lake Ut. 089 \* 30-015-27787 \* G-25-24s-30e \* Eddy County, NM  
NMOCD Tracking Number: 2RP-2369 \* Date of release: 7/3/14

Brad,

Your proposal for remediation of the above referenced release is approved. Federal sites will require BLM approval also.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

**Subject:** PLU 89 Release

Mike,

Please find the attached Initial C-141, Areal Map with sample point locations, soil chemistry table and also the lab data. We would like to remove the elevated surface material to a depth no greater than one foot throughout the release area. The soil will be hauled to lea Land for disposal. BOPCO would like your approval to move forward with this approach, if approved the site will be backfilled with clean material from an offsite source and final closure report will be generated. If you have any questions or concerns please let me know.

Thanks,

Brad Blevins
