Mr. Mike Bratcher Environmental Specialist NMOCD 811 S. First St. Artesia, New Mexico 88210

RE: Final Closure Report Bopco – PLU #450Y UL-B, Section 27, Township 24 South, Range 30 East Eddy County, New Mexico NMOCD Reference # 2RP 2758

Mr. Bratcher:

The following *Final Closure Report* serves as a condensed update on closure activities for the above referenced Site.

Background Information:

A hammer union on the flow line became loose. The union was re-tightened. The release impacted approximately 1,100 sq. ft. of pasture and pad area with a light mist of less than 1/2" saturation. It also puddled up in the pasture in an area measuring approximately 726 sq. ft. The BLM was notified the day of the release; an EPI remediation crew began removing the saturated soil on 1/16/15 and continued on 1/19/15, a total of 84 cubic yards of soil and caliche was hauled to Lea Land and clean soil was stockpiled on-site pending the out-come of the soil samples collected on 1/16/15.

Remediation Activities:

EPI personnel mobilized on the site on January 16, 2015 to collect soil samples via hand auger to determine the vertical extent of contamination. A total of eight (8) soil samples were collected from four (4) sample locations; all samples were sent to Cardinal Labs in Hobbs, New Mexico, for testing. Laboratory analytical results indicate that the excavation is void of Benzene, BTEX, TPH and Chloride concentrations in excess of NMOCD Recommended Remedial Action Levels (RRALs) of 10 mg/Kg, 50 mg/Kg, 5,000 mg/Kg and 1,000 mg/Kg, respectively (reference *Figure 3* and *Table 2*).

The release area was excavated to a depth of one (1) foot bgs with approximately 74 tons of contaminated soil excavated and hauled to a state approved facility for disposal.

Closure Activities:

Based on laboratory analytical data and NMOCD approval, the excavation was backfilled with approximately 74 tons of clean soil free of rocks, clumps or deleterious material. The entire disturbed area was then contoured to blend with existing area and protected against wind/water erosion.

Should you have any questions or concerns please feel free to contact me at (575) 394-3481 or via e-mail at <u>ddominguezepi@gmail.com</u> or Mr. Brad Blevins at (432) 214-3704 or via e-mail at <u>bblevins@basspet.com</u>. All official communication should be addressed to:

Mr. Brad Blevins Bopco, L.P. 522 W. Mermond, Suite 704 Carlsbad, NM 88220

Sincerely,

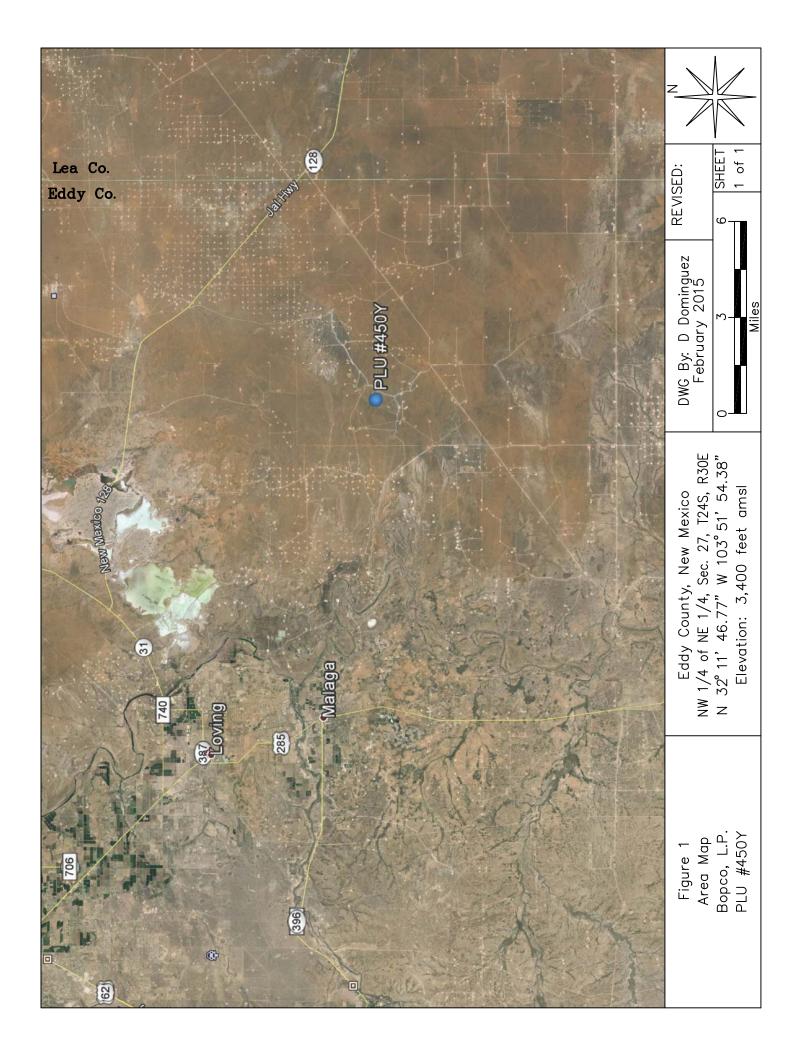

ENVIRONMENTAL PLUS, INC.

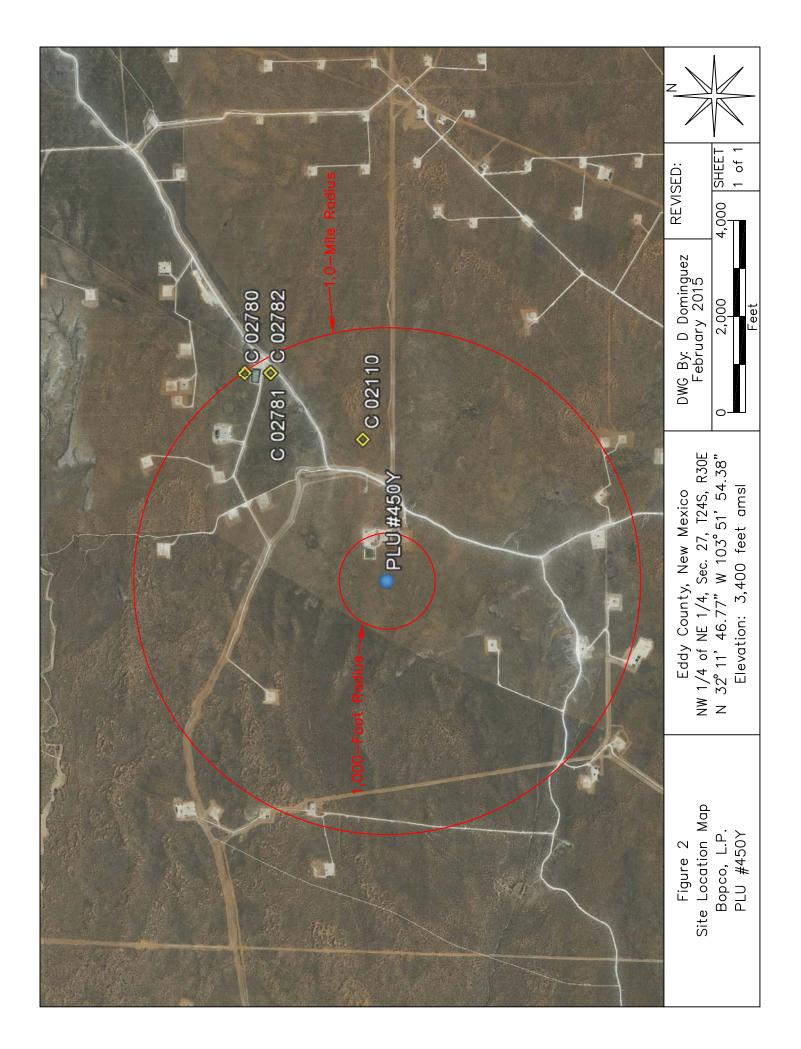

Daniel Dominguez Environmental Consultant

ATTACHMENT II Laboratory Analytical Results

January 22, 2015

Daniel Dominguez Environmental Plus, Inc. P.O. Box 1558

Eunice, NM 88231

RE: PLU #450 Y

Enclosed are the results of analyses for samples received by the laboratory on 01/19/15 15:41.

Cardinal Laboratories is accredited through Texas NELAP under certificate number T104704398-13-5. Accreditation applies to drinking water, non-potable water and solid and chemical materials. All accredited analytes are denoted by an asterisk (*). For a complete list of accredited analytes and matrices visit the TCEQ website at www.tceq.texas.gov/field/ga/lab_accred_certif.html.

Cardinal Laboratories is accreditated through the State of Colorado Department of Public Health and Environment for:

Method EPA 552.2	Haloacetic Acids (HAA-5)
Method EPA 524.2	Total Trihalomethanes (TTHM)
Method EPA 524.4	Regulated VOCs (V1, V2, V3)

Accreditation applies to public drinking water matrices.

This report meets NELAP requirements and is made up of a cover page, analytical results, and a copy of the original chain-of-custody. If you have any questions concerning this report, please feel free to contact me.

Sincerely,

Celey D. Keine

PLEASE NOTE: Liability and Damages. Cardinal's liability and client's exclusive remedy for any claim arising, whether based in contract or tort, shall be limited to the amount paid by client for analyses. All claims, including those for negligence and any other cause whatsoever shall be deemed waived unless made in writing and received by Cardinal within thirty (30) days after completion of the applicable service. In no event shall Cardinal be liable for incidental or consequential damages, including, without limitation, business interruptions, loss of use, or loss of profits incurred by client, its subsidiaries, affiliates or successors arising out of or related to the performance of the services hereunder by Cardinal, regardless of whether such claim is based upon any of the above stated reasons or otherwise. Results relate only to the sample identified above. This report shall not be reproduced except in full with written approval of Cardinal Loratories.
