Subject: Re: Oxy-Pure Gold A Federal #8 API# 30-015-35296 (2RP-2869) Work Plan
Date: Friday, April 17, 2015 3:56:40 PM

This plan is approved as written with the following conditions:

BLM approval of this proposal does not relieve the operator of liability, should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, any other aspects of the natural environment, human health, or if the location does not properly reclaim. In such an event that location does not re-vegetate, or future issues with contaminants are encountered, the operator will be asked to address the location until contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws/regulations.

Bests,

Sol

All,

Please see the attached work plan for the Oxy-Pure Gold A Fed #8. This release was approximately 7bbls and all of the fluid was contained to the location. Please let me know if you have any questions or concerns.

Respectfully,

Sheldon L. Hitchcock
