Good afternoon,

I have attached the C-141 associated with the spill on the above location. Upon reviewing the NMOCD website I have noticed that there are two other open C-141's for this site 2RP-1391 and 2RP-1686 respectively. Please advise me on how you would prefer that I proceed. If necessary, we can remediate for all spills at one time. Also, please advise me on the RP number for this spill.

Have a great evening,

Thank You

Rebecca Pons
