Importance: High

Good Afternoon,

Referencing the email below, you previously approved the SM Energy – Geronimo Tank Battery work plan; was the ESDU #2 also approved? If not, I have attached the report for your review so that we can begin scheduling remediation activities.

Thank you,

Clair Gonzales

RE: SM Energy * Geronimo Battery (Fed 1) * 30-015-24927 * G-24-18s-31e * Eddy County, NM
NMOCD Tracking Number: **2RP-2889** * Date of release: 2/5/15

Ike,

Your proposal for remediation of the above referenced release is approved. Please advise if any portion of the impacted area is proposed to be deferred until closure of facility. Federal sites will require like approval by BLM.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Mike and James,
Please find the enclosed SM Energy - Work Plans for the above reference spill sites located in Eddy County, New Mexico. The spills have been assessed and the remedial recommendations are included in the work plans. Once approved, Tetra Tech will schedule the soil remediation and notify you prior to implementing the work plans. Please let me know if you need additional information or call me if you have any questions, thanks
