RE: BopCo * Legg Federal SWD * 30-015-04734 * 2RP-2695

Amy,

This closure request is approved. We should be here all day today, so come on by if you get a chance.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns please contact me.

Subject: 2RP-2695 Legg Federal Battery Closure

Hi everyone,

Attached for your review and approval is the closure report for the Legg Federal 2RP-2695. I will be in Artesia tomorrow for most of the day and would like to stop by your office in the afternoon if the last meeting doesn't get ridiculous. I have a reclamation beginning on the North Indian Flats 24 Federal #14 that I'd also like to let y'all know about. We need caliche for some serious road repairs and that helped get it moving! Hope to see you soon...

Thanks!

Amy
