Kimberly,

The OCD is in receipt of the work plan for the above listed release. This work plan is denied. The impacted area as described in this report does not match the pictures sent to the OCD (see attached).

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
