The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

Cliff,

Your proposal for remediation of the above referenced release is approved. Contamination left in place will be delineated and remediated at close of facility. A notation to that effect will be placed in OCD data base. It is OCD's understanding that BLM has approved this proposal as well.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Subject: FW: COG (Concho) Trapper 13 Fed Com #2 - Remediation Plan

Mike,

This is the plan that we discussed last week over the phone. As you can see below, Shelly with the BLM has approved what we discussed. I have attached the updated version of what you and I agreed upon. If you would please reply via email with your approval, it would be appreciated.

Thanks, Cliff

Shelly,

I have attached a remediation plan for the COG (Concho) Trapper 13 Fed Com #2. This plan has been verbally approved by Mike Bratcher of the NMOCD. COG is requested the BLM's approval of this plan as well. Upon your review of the materials, it would be appreciated if you would respond via email with the BLM's approval.

If you have any questions, please let me know.

Thanks, Cliff
