Rustler Bluff #1 Complete Report.pdf

Hello, Heather!

I have attached an electronic copy of the report. Thanks again for your help!

Jana,

Thanks for the hard copy of your closure document. Your request for closure is approved. Can you please send me an electronic copy of the whole report?

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
Thanks,

Heather Patterson

Hello, Heather!

I have attached a C-141 Final Report for the Rustler Bluff #1 lost tanks. These are the tanks which were swept away in the flood last year. Could you review this and let me know if I have missed anything. I have also attached the lab reports. I will overnight the originals.

Jana
