Vernon,

Your remediation proposal for the above listed location is approved. Please provide a bottom hole confirmation sample at SP4 to ensure you have reached RRAL's in this section.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
