Amber,

Your closure request is approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather/Jim,

Please find a Final C-141 attached for the release that occurred at Livingston Ridge SWD Water Line on June 3, 2015 (2RP-3045). I've also attached a copy of the analytical results from the overspray area.

Should you have any questions, please contact me via email or phone.

Thank you,

**Amber Griffin**
