Morning Austin,

So it looks like Mike and I are planning to be on site for your drilling on the 23rd of this month, if that is still on? However, I am still in hopes you can send me a map or a detailed sketch of where you may be intending to place these wells. If you would be so kind as to send one along that would be appreciated. Thanks and have a grand day.

Brad

SMA and Key Energy Services, LLC have acquired land owner consent for both monitoring well location and received the necessary NMOSE permits we hope to be on site and drilling the week on 3/ 21/16. I have attached the NMOSE application.

Thanks
