Have you had a chance to look at this? I am concerned about the area around SP1. I realize its a roadway, but those numbers are high.

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

Good morning, Mr. Gonzales.

Attached is the work plan for the Skelly Unit #276.

Pending your review and approval, we will get it submitted to BLM and NMOCD.

Thank you,

Laura
