**RE: WPX Energy \* North Brushy Draw Gathering System \* 30-015-42220 \* 2RP-3684**

Lucas,

This work plan is approved as written with the following conditions:

- Notify the OCD 48 hours prior to excavation;
- Notify the OCD if the excavation exceeds 4' in depth;
- Make sure to get backfill approval before filling in excavation.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather Patterson  
Environmental Specialist  
NMOCD District II  
Office (575)748-1283 ext.101
