RE: XTO \* Corral Canyon Fed #3H \* 30-015-42922 \* 2RP not assigned yet

Laura,

This work plan is approved with the following conditions:

Please provide the OCD with the analytical results of SP5.  
The OCD will require surface confirmation samples from the overspray area at closure.  
Like approval by BLM is required at this location.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather Patterson

**Subject:** XTO - Corral Canyon Federal #003H Work Plan

Good morning,

Attached is the Work Plan for the XTO Corral Canyon Federal #003 H site.

Remediation activities would like to be started next week, pending your approval. If possible, can we receive verbal or written approval, with any conditions of approval, soon?

Please let me know if you have any questions.

Thank you,

Laura Flores
