Subject: Re: XTO - Corral Canyon Federal #003H Work Plan
Date: Monday, September 26, 2016 3:37:50 PM

BLM concurs with NMOCD stipulations and chooses to add additional stipulations:

1. Horizontal confirmation samples pulled from SP-1 to verify removal of impact.
2. Due to the depth of ground water, full delineation will be required on SP-1(chlorides and TPH)

The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

RE: XTO * Corral Canyon Fed #3H * 30-015-42922 * 2RP not assigned yet

Laura,

This work plan is approved with the following conditions:

Please provide the OCD with the analytical results of SP5.

The OCD will require surface confirmation samples from the overspray area at closure.

Like approval by BLM is required at this location.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather Patterson

Subject: XTO - Corral Canyon Federal #003H Work Plan

Good morning,

Attached is the Work Plan for the XTO Corral Canyon Federal #003 H site.

Remediation activities would like to be started next week, pending your approval. If possible, can we receive verbal or written approval, with any conditions of approval, soon?

Please let me know if you have any questions.

Thank you,

Laura Flores
