RE: SM Energy \* Tuesday Fed 1 \* 2RP-251 \* DOR: Discovered 9/16/2008

The above referenced release event has been approved for closure.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather,

Here are couple of SM Energy Closure Reports that were missing for proper closure of the sites. I will be sending you a total of 5 closure reports on multiple emails due to size of the reports. Please review and call me if you have any questions. thanks
