Attachments: C-147_BullwhipRecyclingFacility_AsSubmitted_20161017.pdf

Hi Mike,

Here's the PDF and yes, we received the business lease contract agreement last week on the original 2 acres as described. All we're waiting on from the SLO side is the road access right-of-way and we expect that next week also. (The road is there, we just need official access.)

Let me know if you need any other information or have any questions.

Thanks,
Ben

Ben,

Not sure how large the file will be, but can you send an e-version of the Bullwhip Facility Permit?

Also, has the State surface lease issue been completely resolved at this time?

Thanks,

Mike Bratcher
