ETC Field Services * Nash Draw 6" Poly * fAB1635435154 * 2RP-4035

Sheldon,

I apologize I forgot to mention that the OCD requests follow up samples be collected around 90 days from when treatment will be conducted in the overspray area that is to be treated with micro-blaze.

Thank you,

Crystal Weaver

Hello Sheldon,

Your proposal for remediation of the above referenced release is approved. Please advise once remedial activities have been scheduled.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the

environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Thank you,

Crystal Weaver

Good Morning Everyone,

The work plan for the Nash Draw 6-inch Poly release is attached. Please review it and let me know if you have any questions or concerns.

Respectfully,

Sheldon Hitchcock
