RE: XTO \* Corral Canyon Fed 4H \* 2RP-4190 \* DOR: 4/12/17

OCD approves your remediation proposal. I should have mentioned this in my previous email, but the additional excavation request is dependent on background sample values.

Thank you,

Mike Bratcher  
NMOCD District 2

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Ms. Tucker,

Attached is the Corrective Action Plan for the aforementioned site. Please let me know if you have any questions or comments.

Best Regards,

Robbie Runnels
