RE: XTO * Nash #42 Tank Battery * 30-015-37194 * 2RP-4253

Amy,

I have included a scanned copy of the signed Initial C-141 Remediation Permit along with an attached Conditions of Approval. The OCD tracking number for this event is 2RP-4253.

Thank you,

Crystal Weaver

Subject: Nash 042 Battery 6-14-17 Release notification

All, please be advised that XTO Energy has had an accidental release of fluids from the Nash 042 Battery facility over the amount of 25 barrels. All fluids remained within the zero perm and earthen containment areas. Free standing fluids are being recovered. We will update you on volume and cause of the release with the submittal of an initial C-141 form. Please call with questions or concerns. Thank you.
