RE: OXY USA * Smokey Bits St Com 3H (CTB) * 2RP-4179 (DOR 4/18/17) & 2RP-4215 (DOR: 5/16/17)

Cliff,

Your proposal for remediation of the above two referenced release events is approved. OCD requests confirmation samples be obtained and tested for TPH & BTEX for the following areas:

5/16 sample points SP2, SP3, and SP7

Shelly has been copied on this, but I believe it is State surface. Please advise once remedial activities have been scheduled.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: OXY Smokey Bits CTB (2RP-4179 & 2RP-4215) - Delineation Workplan

Mike, Shelly and Amber,

Please find the attached Delineation Workplan and remediation proposal for the OXY Smokey Bits CTB (2RP-4179 & 2RP-4215). This plan covers two spills at this location. OXY is requesting that you review this plan and is looking forward to the OCD's, BLM's, and SLO's approval. Mike, this plan is one we discussed recently.

If you have any questions, please let me know.

Thanks, Cliff
