Thank you. Heather cc'd me in her email requesting updates from Ms. Bilberry. And I had an environmental company communicating back and forth. Last response was that J Cleo had decided to enroll in the Programmatic Agreement with BLM. I have not heard from them since.

Henryetta,

I forwarded this to Mike and Heather to look into.

Let me know if you need anything.

Kellie

Hey Kellie,

Just wondering if this location has been reported to you yet. It was found by our Natural Resource Specialist while doing a survey last Thursday. My pictures were taken the next day. They have not communicated with me yet. No C141 has been across my desk. I have not given them approval for additional surface disturbance since I needed to check for Arc and such.
