RE: Holly Energy * Beeson Pump Unit #1 * fJMW1329537876 * 2RP-4352

Melanie,

Sorry for the delay on sending this one out. I have included a scanned copy of the signed Initial C-141 Remediation Permit along with an attached Conditions of Approval. The OCD tracking number for this event is 2RP-4352.

Since we have a closure report already submitted (with the C-141 initial and the COAs documents already included in it) I am just sending this out as per protocol.

Thank you,

Crystal Weaver
