RE: OXY USA * OGRID 16696 * Corral Fly Recycling Facility & Containments * **2RF-119** * P-2-25s-29e * Eddy County, NM

Dylan,

Please find attached the OCD signed copy of your form C-147 submittal for the above referenced recycle facility and related containments. A copy of the entire submittal will be available on OCD Online as soon as possible. A form C-148 is required to be submitted monthly reporting fluid volumes in and out for per 19.15.34.9 E [NMAC]. The following identifier numbers have been assigned for the individual containments, as listed in the C-147.

2RF-119 A for containment at lat/long 32.154916 103.949745

2RF-119 B for containment at lat/long 32.155194 103.948393

2RF 119 C for containment at lat/long 32.155472 103.947075

2RF-119 D for containment at lat/long 32.155736 103.945719

2RF-119 E for containment at lat/long 32.156228 103.950118

2RF-119 F for containment at lat/long 32.156500 103.948745

2RF-119 G for containment at lat/long 32.156727 103.947415

2RF-119 H for containment at lat/long 32.157037 103.946100

OXY USA's request for a variance from 19.15.34.12 (E), to utilize an audible bird protections system as an alternative to netting the recycle containments, is approved.

It is OCD's understanding that OXY USA agrees to construct, maintain, operate, report, and close 2RF-119 and all associated containments, in complete compliance with all aspects of 19.15.34 [NMAC]

OCD approval does not relieve the operator of liability should their operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
