RE: Energy Transfer \* James Ranch Compressor Station \* **2RP-4679**

Alan,

The C-141 was initially sent to OCD District 1, and forwarded to here to District 2. For some reason, it looks like we missed getting it entered, but I am having that done now. The RP number will be as listed above, but may not show up on the data base for a day or so.

The remediation proposal is approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mike and Mark,

On behalf of ETC Field Services, LLC, GHD is submitting the attached Site Assessment Summary and Remediation Work Plan for the James Ranch Compressor Station for your review. Please let me know if you have any questions or comments. Mike, do you know if a RP# has been assigned to it?

Thank you.
