Chase,

Your latest proposal for remediation of the above referenced release is approved. Please advise once remedial activities have been scheduled.

Thank you,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mike,

Per our meeting today (3/1/18 @ 1 p.m.) at your office, I looked up the notes on the Railroad ROW, it is 100 feet either side of their tracks. Attached is Part 1 of 3 of the work plan in electronic form as you requested.

Thank you,

Chase Settle, M.S.
