**Subject:** RE: 2RP-5045 Remediation Plan

Larry,

We can't look at the deferral for the reclamation until the spill has been fully delineated vertically. Please drill some boreholes down to 4 feet and take some samples preferably in 1 foot increments, so we know what we were looking at. Please resubmit the remediation plan after this has been accomplished and include wording that you are applying for a deferral.

Thanks,

Robert J Hamlet

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
