Re: Cessation of Operations Extension  
Chili Pepper Reuse Water Facility and Containment Pit  
Admin Order #: 1RF-26-0

To whom it may concern,

Thank you for allowing EOG to continue to promote water reuse in the State of New Mexico for our operations. Please find attached C-147 form with accompanying documentation requesting an extension for cessation of operations for the Chili Pepper Reuse Water Facility and Containment Pit. The pit capacity has not been needed to support recent completion operations, as our activity focus was forced to shift over the past year. However, the capacity will be needed in the future.

Please do not hesitate to contact me with any questions, comments or concerns.

Sincerely,
