Dear NMOCD and NMSLO,

EOG Resources – Artesia Division respectfully submits the attached remediation plan for the Nix GP Battery (2RP-5436). The complete plan is too large to submit via the web portal, so I will send it by email in 3 parts. I will attach the NMOCD fee receipt to each email.

Please let me know if you have any questions, or if you have any difficulty in receiving all of the emails.

Thank you,

*Katie Jamison*
