Subject: [EXT] Initial Release Notification Empire Abo Emulsion Line

OCD Representatives,

Apache is notifying your agency of a release at Empire Abo Emulsion Line located at 32.80165, -104.11689. The legals for this location are R-28-17S-38E. We were notified of this release on October 11, 2019 at 1300 hours. We did find that this release occurred due the line being unintentionally struck by a third party contractor who were conducting ditching operations for a pipeline to be located near the emulsion line. The release did stay within the ditch. All fluids were recovered for a total of 200 barrels. If you have any questions please feel free to contact us.

Thanks,

JEFF BROOM, ENVIRONMENTAL TECHNICIAN
