### WPX Energy Extension Request Longview Federal 1-21H Incident NRM2000356004

Mr. McKisson,  
Your request for an extension to July 19, 2020 is approved.  
Thank you,

Victoria Venegas  
State of New Mexico  
Energy, Minerals, and Natural Resources  
Oil Conservation Division  
811 S. First St., Artesia NM 88210  
(575) 748-1283  
[Victoria.Venegas@state.nm.us](mailto:Victoria.Venegas@state.nm.us)

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

**Subject:** [EXT] RE: WPX Energy Extension Request Longview Federal 1-21H Incident NRM2000356004

NMOCD District II Staff,

WPX Energy is requesting an extension of the current deadline of April, 2020, for completing a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Longview Federal 1 #021H (Incident# NRM2000356004). The release was discovered October 31, 2019.

Soil sampling and remediation activities are complete. Recently, WPX advanced a series of soil borings in the vicinity of this site to explore depth to water in this area of the field. WPX would like additional time to receive the data from these activities and prepare a closure request. WPX respectfully requests an extension until July 19, 2020.

Regards,

Chris McKisson  
West Slope Manager  
Project Environmental Scientist
