OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Subject: [EXT] Extension Request - Tomcat 21 Fed 1 - NRM2003860041

Good afternoon,
Could I please request a 60-day extension for the attached incident? We have decided to treat this area with an in-situ remediation and would very much appreciate the extra time needed to ensure the treatment has been effective.

Please let me know if you have any questions or concerns. Thank you, have a great day!

Thank you,

TOM BYNUM
