OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

To Whom It May Concern,

Under the new spill rule a Work Plan or Closure Report is due for the above release on June 15, 2020. The work plan submitted was denied by the OCD. COG is requesting a three-month extension until September 15, 2020 in order to perform the groundwater depth determination and assess the release. If completed, COG will performed the remediation/reclamation at the site and prepare a Work Plan or Closure Report.

Please let me know if you have any questions or concerns.

Thank you

Brittany N. Esparza
