RE: Incident #NRM2003860041

Tom,

Your request for an extension to July 31st, 2020 is approved. Due to scheduling conflicts Devon was not able to get confirmation samples on the above mentioned site before our June 30<sup>th</sup> deadline. Devon believes they can have the lab confirmations and report written by July 31<sup>st</sup>, 2020.

Thank you,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Good afternoon,  
Could I please request a 60-day extension for the attached incident? We have decided to treat this area with an in-situ remediation and would very much appreciate the extra time needed to ensure the treatment has been effective.

Please let me know if you have any questions or concerns. Thank you, have a great day!
