RE: Incident #NRM2011862082

Brittany,

Your request for an extension to October 10th, 2020 is approved. Under the new spill rule a Final C-141 is due for the above release on July 10, 2020. The release occurred at a lined facility and majority of the fluids were contained within the facility. However, some fluids impacted the facility pad. COG is requesting a three-month extension until October 10, 2020 in order to investigate and remediate the pad area.

Thank you,
