### **NAB1900732571 MORRIS 26 E #001 @ 30-015-26057 2RP-5152**

Mr. Mathews,

The OCD has approved the Final C-141 for incident NAB1900732571 MORRIS 26 E #001 @ 30-015-26057 2RP-5152. No further action is required at this time and the signed C-141 can be found in the online image data base under the incident #.

**NOTE:** The Depth to groundwater has not been established. When nearby wells are used to determine depth to groundwater, the wells should be no further than ½ mile away from the site, and data should be no more than 25 years old, and well construction information should be provided. However, because the site has been remediated to the most stringent remediation levels listed in Table 1, this closure request is approved.

Thank you,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
