Subject: [EXT] GJSAU 22 Inj line release

Mike/Jim

Today we had a release from our GJSAU 22 Inj. line. The release is approx 200' East of the Gissler A 37 well location. The release was approx. 30 bbls of produced water with a skim of hydrocarbon. I will submit a C-141, once I have all the information. If there are any questions or concerns, feel free to contact us. Thanks
