OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

NRM2004350563 SKEEN 2 26 27 STATE #002H @ 30-015-41047

Ms. Barnhill,
The OCD has approved the Remediation Plan for incident # NRM2004350563 SKEEN 2 26 27 STATE #002H @ 30-015-41047 with the following conditions of approval:

- Confirmation samples must be analyzed for the constituents listed in Table 1 of 19.15.29.12. NMAC. i.e. TPH, BTEX, Chloride and Benzene.
- Please note that the release occurred in a high karst potential area:

The signed C-141 can be found in the online image data base under the incident #.
