NRM2017750863 WILLOW 17 STATE @ P-17-25S-28E 0N 0E

Mr. Kirk,

The OCD has approved the Final C-141 for incident # NRM2017750863 WILLOW 17 STATE @ P-17-25S-28E 0N 0E. No further action is required at this time and the signed C-141 can be found in the online image data base under the incident #.

NOTE: In the future, please include the liner inspection notification in your closure report. I was unable to locate a notification in my email for this incident. Per Rule 19.15.29.11.A.(5)(ii), the appropriate OCD District office must be notified 2 days prior to liner inspection.

For future notifications send all liner inspection and sampling notifications to OCD.enviro@state.nm.us. Please include at a minimum, the site name, incident number (or RP# if applicable), date and time of sampling event. In the event that the time and dates change, it is the Operators responsibility to communicate to the OCD to reschedule the sampling event or request a variance for the sampling notification requirements. Please note that confirmation closure samples not collected in accordance to 19.15.29.12.D may not be accepted during closure and Operators may be required to collect additional samples.

Thank you,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
