RE: Incident #**NRM2019525477**

Kalei,

Your request for an extension to **December 22, 2020** is approved. XTO is requesting an extension to the 90-day deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Muy Wayno (NRM2019525477). The release was discovered June 24, 2020 and an initial site assessment was conducted. Fluids were released onto pond embankment and into the surrounding pasture. A Right of Entry (ROE) Permit was submitted to the State Land Office (SLO) on August 18, 2020. The executed permit is still pending. XTO will begin remediation activities as soon as the executed permit is received. In order to conduct further site assessment, complete the remediation work, and submit a remediation work plan or closure report XTO requests an extension of this deadline until December 22, 2020.

Thank you,

Subject: [EXT] XTO-Extension Request- Muy Wayno (NRM2019525477)

All,

XTO is requesting an extension to the 90-day deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Muy Wayno (NRM2019525477). The release was discovered June 24, 2020 and an initial site assessment was conducted. Fluids were released onto pond embankment and into the surrounding pasture. A Right of Entry (ROE) Permit was submitted to the State Land Office (SLO) on August 18, 2020. The executed permit is still pending. XTO will begin remediation activities as soon as the executed permit is received. In order to conduct further site assessment, complete the remediation work, and submit a remediation work plan or closure report XTO requests an extension of this deadline until December 22, 2020.

Thank you,

Kalei Jennings
