Weird. In my TOPO database, it shows it in I, 16 but it doesn't really matter to me. If you want to line item correct the C-141, that is fine.

**Harroun 15 15 CTB on 6/18/2019.**

Ms. Purvis,

The OCD database shows that the location corresponding to Lat / Long 32.21713 -103.98061 is L-15-24S-29E. Can you verify the location on this C-141?

Thank you,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
